

Weekend to End Homelessness

October 10-11, 2026

What is Weekend to End Homelessness?

On the weekend of World Homeless Day, faith communities across the country will pause together to acknowledge the reality of homelessness in their neighborhoods, learn what actually works, and make a collective commitment to engage. This is not a one-time event. It is a beginning.

What does participation look like?

Every congregation and every context is different. Our toolkit will give you options for engagement that you can choose from and plug-in or adapt to your setting. As long as you are trying to participate and are committing to taking a faithful next step, you're in!

How to Join

- 1 Register your congregation at nfceh.org
- 2 We'll send our free Weekend to End Homelessness Toolkit full of worship resources, children's activities, and next steps for your use.
- 3 Observe the Weekend in a way that fits your tradition — preach, discuss, pray, and commit together
- 4 You're now part of NFCEH, and we'll reach out throughout the year with more opportunities to learn, connect, engage, and advocate
